Lene,

Per our call, I am sending the following:

- AOC Schedule poster for Public meeting
- TIRM Visual (we've never actually used this but it may be a good starting point for Carol)
- Draft Agenda for March 14th meeting

Please pass along to your team as you see fit.

In addition Omer will work with you and Phil to set up a short call next week to touch base on section 3 and discuss (hopefully answer) any questions you may have. We'd like to have the section 5 meeting with Lloyd and Phil that you mentioned on the 14th from 1:30-3:00 if possible. Let me know if that works, it can go longer if needed.

Again I'm happy to take a look at any materials DOH is putting together that you'd like another set of eyes on.

Thanks for the call today,

Lyndsey Tu
